

Product Guide

DON'T LEARN SAFETY BY ACCIDENT

The Company

“ Clear Spill are an established manufacturer and supplier of spill control products and converters of Eez-Off industrial wipes. ”

Accidents do happen which is why spill control should be high on your list of priorities.

We can provide you with cost effective solutions with our range of absorbents for oil, chemical and general purpose applications.

The company has a proven track record in the manufacture of spill control products. By recycling thousands of tonnes of materials back into everyday use, we reduce the amount of waste going to land fill, whilst at the same time creating a necessary product for today's health and safety conscious environment.

With our substantial range of in-house manufacturing and converting facilities, we are able to offer customised product and own branding, tailored for any client's needs.

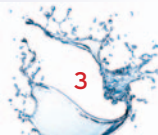

Clear Spill offer accredited spill response training courses, and ISO14001 environmental audits.

Product absorbency figures based on testing to British Standard BS7959-1:2000, using motor oil SAE10W40 for oil absorbents and water for maintenance and chemical absorbents.

3

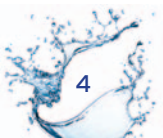

4

5

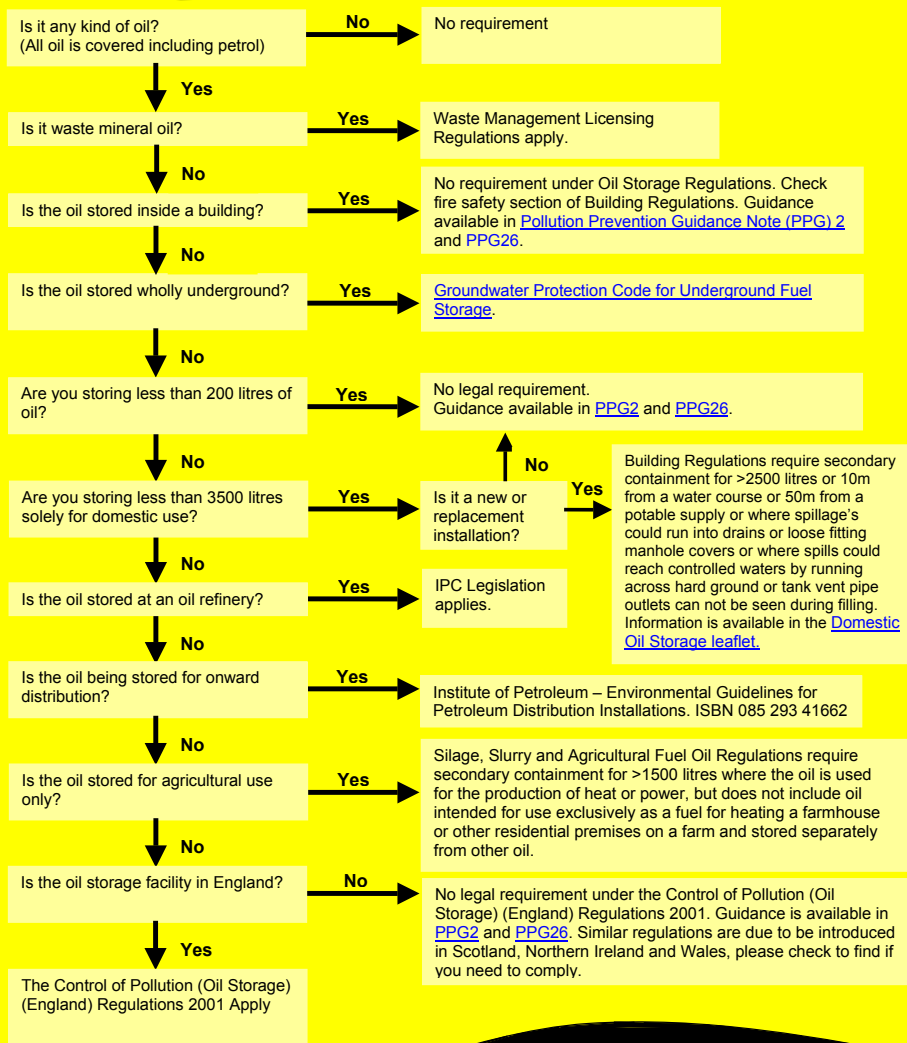

- 1 **Pads and rolls** have various uses. When a spill occurs, socks or booms are used to contain the spill then pads are used to absorb the trapped liquid from the centre. In addition, they are useful for general wiping and for placing dirty / oily components and tools on. Rolls can be perforated in a rip-to-fit format for ease and economy of use.
- 2 **Socks** are ideal for coiling around machinery to contain and absorb any oil leaks and drips. They are also used to form a ring around larger spills to act as an absorbent barrier.
- 3 **Cushions** can be inserted into drip pans and placed under leaking / dripping machinery etc. They are also used together with pads to soak up the centre of the spill which has been encircled with absorbent socks.
- 4 **Booms** are floating barriers used to contain and minimise the spread of oil on water. Enclosed in a strong outer netting for durability, hooks and rings are attached for linking together to form any required length. Hooks are placed 30cm in from each end of the boom to form an overlap which acts as an extra barrier against oil escaping.
- 5 **Spill Kits** are produced using any combination of absorbents products, and can be tailor made to individual requirements.

OIL STORAGE REGULATIONS

Is Secondary Containment of Oil Storage a legal requirement?

ENVIRONMENT
AGENCY

Oil Storage Regulations

IMPORTANT INFORMATION

The final phase of the Environment Agency Oil Storage Regulations came into effect on 1st September 2005.

Oil is the most frequently reported type of pollutant of inland waters, accounting for around 5,000 pollution incidents every year.

In 2000, about a sixth of all pollution incidents affecting the environment involved oil. Most incidents were caused by oil leaking from tanks either during storage or delivery. Oil is toxic to plants and animals. A small amount of oil can devastate river life by forming a thin film on the water surface, which stops oxygen getting to plants and animals. Oil spilt on the ground can pollute underground waters making them unfit for use as well as being very expensive to put right, for which you are liable.

If you store more than 2000 litres of oil, petrol, diesel, vegetable or synthetic oil above ground in one or more containers at an industrial, commercial or institutional site, then these regulations will affect you. They cover factories, shops, offices, hotels, schools, public sector buildings and hospitals. These regulations also apply to mobile bowers. Many self-bunded bowers are now available.

A secondary containment facility, such as a bund, drip tray or spill pallet should be provided for the storage of containers. These must be strong enough to hold the oil without leaking or bursting. If possible, the oil container must be positioned away from any vehicle traffic to avoid damage from collision resulting in spillage, and must be sufficient to contain 110% of the maximum contents of the oil container.

Where more than one container is stored, the bund should be capable of storing 100% of the largest container, or 25% of the total storage capacity, whichever is the greater.

Bund bases and walls must be impermeable to water and oil and checked regularly for leaks.

Any valve, filter, sight gauge, vent pipe or other ancillary equipment must be kept within the bund when not in use. No drainage valve may be fitted to the bund for the purpose of draining rainwater.

In general an oil store will be deemed to be a significant risk if it is located within 10 metres of a watercourse or 50 metres of a well or borehole.

The Environment Agency publishes Pollution Prevention Guidelines notes on oil storage, PPG2 and PPG26, that provide practical advice, which if followed will ensure compliance with the regulations.

If you are in any doubt about what you need to do, the Environment Agency is there to offer help and advice to assist you with compliance. However, if you fail to act, the Agency may serve a notice requiring that the facilities be brought up to standard. Failure to comply with a notice is a criminal offence and may result in prosecution.

Spill Response Training

This package has been designed with first responders in mind. In general, containment is the first immediate action required, subsequent action will involve the correct application of absorbents that are available to you. The course can be modified to suit supervisors or management. Safety is a requirement and training is essential.

Your trainer is an approved ISO 14001 manager (with 20 years hands-on experience with spills), having provided training for the National Grid, Shell, Power Utilities and project managed the Buncefield incident.

We can also arrange for a site inspection and risk assessment prior to the course in order to better tailor the course to your site specific needs.

The Training Package Covers

- > Identifying potential pollution incidents, as prevention is better than cure. The course will identify the best practices with a brief understanding of the legislative requirements.
- > As a priority the use of spill kits, firstly with containment in mind. Then in the case of small spillages, cleanup techniques to include chemical neutralisation methods and health & safety.
- > Practical use of spill kits, containment methods, blocking drains, sealing damaged drums and deployment of absorbents.

Typical Course Content First Responder Level Building Blocks to Compliance

- > Your duty of care - Order of importance, company policy to Health & Safety, legislation today 'The polluter pays'. Understanding' step by step the risks on your site, environmental assessments.
- > Clean-up strategy - First containment, including communication to management as to flow path, volumetric assessment, relative impact. Tailored to the guidelines set by the IP Environment Agency in their 2004 Inland response guide.
- > Spill management Each person will be given a task that will need managing as a spill develops, team role play provides understanding for management and operation tasks.
- > Understanding the colour coding of absorbents, white/blue hydrocarbons, grey maintenance / general purpose, yellow chemical. How to stop product entering drain systems, handling runway run-off lagoons, understanding interceptors, and recovery techniques.
- > Modules available First Responder, Spill Supervisor, Spill Management, preventative planning. Preparation for ISO 14001 "Get your site right" includes site environmental audit oil/chemical.

Certificates for spill response and containment will be issued to all successful delegates after completion of the training.

Previous Training Projects

- > BP - First Responder
- > Sunderland Fire Brigade - Tank Rollover
- > National Grid Spill Response - 35 U.K sites
- > Nuclear Power Industry
- > MCA
- > HM Prison Service
- > Alliance & Leicester UK
- > Huntsman Tioxide - Chemical Spill Response
- > ITT Jabsco (Flow Control - UK)
- > Eastham Refinery Ltd
- > Laleham Healthcare
- > Selex Galileo UK
- > Kentish Flats Offshore Windfarm
- > Bourne Steel Ltd
- > Wellcome Trust

“ The training was tailored very well to meet our individual business needs, which made the training feel more relevant to the delegates. The proactive and reactive approach to spills management was excellent, delegates were able to see both sides from a statutory + ISO 14001 perspective. ”

John Harvey -
Environmental Safety & Health Manager
ITT Jabsco (Flow Control - UK)

Maintenance Absorbents

Recycled Maintenance Pads

For the purpose of absorbing most industrial type fluids including non-aggressive chemicals.

Manufactured from recycled materials. These pads are both strong and highly absorbent. Supplied in dispenser box.

Code:	GPP1
Type:	450gsm
Contents:	100
Size:	45cm x 50cm
Absorbs:	80 litres
Weight:	9 kg
Boxes per pallet:	24 Boxes / 30 Poly Bales

Maintenance Pads

For the purpose of absorbing most industrial type fluids including oil, coolant, cutting fluid, water and chemicals.

Manufactured from high tensile strength polypropylene. Pads are dimpled and perforated down the centre for ease and economy of use.

Code:	GPH100	GPL200
Type:	350gsm	175gsm
Contents:	100	200
Size:	40 x 50cm	40 x 50cm
Absorbs	74 Litres	74 Litres
Weight:	7kg	7kg
Boxes per pallet:	24 Boxes / 30 Poly Bales	

Universal Ultraclean Pads

Completely unique, Ultraclean is a premium synthetic universal absorbent made from 80% recycled fibers. Absorbs both water and oil equally, and has high chemical resistance.

Strong grey spun bond on top and bottom reduces lint and increases strength. Use in areas requiring durability and very high absorbency

The blue poly-backed version (PLY) has the most slip resistant backing available.

Code:	1UCGPL	1UCGPL-PLY	3UCGPL	3UCGPL-PLY
Type:	380gsm	380gsm	190gsm	190gsm
Contents:	100	100	200	200
Size:	40x46cm	40x46cm	40x46cm	40x46cm
Absorbs:	148 Litres	128 Litres	148 Litres	128 Litres
Weight:	7kg	7kg	7kg	7kg
Boxes per pallet:	36 Boxes	36 Boxes	36 Boxes	36 Boxes

Maintenance Absorbents

Rip One Pads

Convenient pack containing 10 perforated absorbent sheets. Wall mountable for siting near to areas posing a potential risk of spillage.

Code:	R1G
Type:	350gsm
Size:	40 x 50cm
Absorbs:	8 Litres
Pack Weight:	0.8kg
Boxes per pallet:	24 Boxes x 5 packs

Super Absorbent Maintenance Socks

Strong tubular knitted structure allows for durability and expansion. Filled with a super absorbent polymer, that will absorb many times it's own weight in fluid.

Supplied in a dispenser box.

Code:	GSK12	GSK30
Contents:	20	8
Size:	8cm x 1.2m	8cm x 3m
Absorbs:	110 Litres	110 Litres
Weight:	9kg	9kg
Packs per pallet:	24 Boxes	24 Boxes

Standard Maintenance Socks

For containment, bunding and absorbing spills, and placing around machinery to prevent leaks from spreading causing hazards.

Supplied in a dispenser box.

Code:	GS12	GS30
Contents:	20	8
Size:	8cm x 1.2m	8cm x 3m
Absorbs:	70 Litres	70 Litres
Weight:	10kg	10kg
Boxes per pallet:	24 Boxes	24 Boxes

Maintenance Absorbents

Spill Lock Sock

Ultra quick to absorb, the Spill Lock Sock consists of 30 metres of super absorbent material perforated at 60cm lengths supplied in a dispenser box. Due to its flat design, spill lock is ideally suited to use in areas that could pose a risk of trips/falls.

Each strip will absorb up to 2.5 litres, and provides multiple applications, including condensation from chiller cabinets, freezers, kitchens, and health care. Liquid is locked in and will not leach out when absorbed to capacity, making disposal clean and easy.

Code:	SLS
Contents:	1 Roll
Size:	8cm x 30m
Absorbs:	75 Litres

Maintenance Cushions

Ideal for use with drip pans under leaking / dripping machinery. Use with pads and socks to deal with larger spills.

Supplied in a dispenser box.

Code:	GCS	GCM	GCL
Contents:	25	20	10
Size:	23 x 23cm	30 x 35cm	35 x 45cm
Absorbs:	47 Litres	80 Litres	58.5 Litres
Weight:	5kg	13kg	9.5kg
Boxes per pallet:	24 Boxes	24 Boxes	24 Boxes

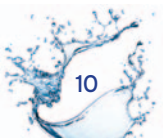

Recycled Maintenance Rolls

Manufactured from recycled materials, these rolls are tough and durable, can be cut to size as needed, or supplied perforated for ease and economy of use.

Code:	GPR1	GPR2
Type:	450gsm	450gsm
Size:	50cm x 50m	90cm x 50m
Absorbs:	80 Litres	146 Litres
Weight:	9.5kg	18kg
Rolls per pallet:	27	12

Maintenance Absorbents

Maintenance Rolls

Manufactured from meltblown polypropylene. Quick wicking for fast absorption. Rolls are perforated for ease and economy of use, and are available in either Heavy Weight or Light Weight.

Code:	GRH1	GRH2	GRL1	GRL2
Type:	350gsm	350gsm	175gsm	175gsm
Size:	50cm x 50m	1m x 50m	50cm x 100m	1m x 100m
Absorbs:	92.5 Litres	185 Litres	92.5 Litres	185 Litres
Weight:	8kg	16kg	8kg	16kg
Rolls per pallet:	27	12	27	12

Universal Ultraclean Rolls

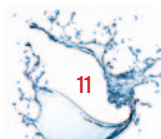

Completely unique, Ultraclean is a premium synthetic universal absorbent made from 80% recycled fibers. Absorbs both water and oil equally, and has high chemical resistance.

Strong grey spun bond on top and bottom reduces lint and increases strength. Use in areas requiring durability and very high absorbency

The blue poly-backed (PLY) version has the most slip resistant backing available.

Rolls per pallet:	36	36	36	36

Maintenance Absorbents

Maintenance Land Booms

Suitable for containing and absorbing larger spills.

Code:	GB1	GB2
Contents:	4	4
Size:	12cm x 3m	20cm x 3m
Absorbs:	88 Litres	156 Litres
Pack Weight:	10kg	20kg
Packs per pallet:	16 Boxes	4 Poly Bales

Maintenance Drum Tops

Cut to fit standard drum size. Collects drips keeping drum top clean.

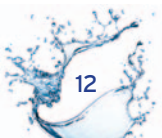

Code:	GDT
Contents:	5
Size:	56cm diameter
Absorbs:	4 Litres
Weight:	0.5kg

Water Soakers

Problem with water in your fuel tank? The water soaker is a low cost preventative measure and solution to the common problem of water contaminated fuel. Simply drop the filter into the tank, secure with nylon cord, and if water is present it will immediately start to absorb.

Code:	WSO1	WSO2	WSO3
Sizes:	4.4cm x 30cm	5.6cm x 30cm	10cm x 30cm
Absorbs:	269ml	489ml	1.59Litres

General Purpose Traffic Mat

Ultra strong, and durable needle punch traffic mat. Tough enough to withstand foot and forklift traffic. Highly absorbent, they will out last any other absorbent roll.

Soaks up oils, coolants, solvents and water. Dark colour hides dirt.

Code:	TRM9191	TRM9131	TRM/PLY
Contents:	1	1	1
Size:	91cm x 91m	91cm x 31m	71cm x 46m
Type:	unbacked	unbacked	poly backed
Gsm:	240gsm	480gsm	280gsm
Absorbs Oil:	170 Litres	204 Litres	121 Litres
Absorbs Water:	105 Litres	162 Litres	87 Litres
Weight:	20kg	20kg	12kg

Environmentally Friendly Absorbents

Ecosorb - Maintenance

Cotton and cellulose based environmentally friendly absorbents manufactured from 85% natural renewable and recycled resources. Strong, durable and absorb *20 - 40% more than conventional polypropylene. Ecosorb uses less energy to produce and reduces dependency on foreign oil, delivering greater price stability, and offering excellent value for money.

*Confirmed by independent testing

Ecosorb Maintenance Pads

Offering excellent value for money, contain fire retardants, soft and drapable they are easily folded. Dimpled bonded surface, pads and rolls are perforated for ease and economy of use, and supplied in a dispenser box.

Code:	ECP/GRL	ECP/GRM	ECP/GRH
Type:	Lt/Wt 160gsm	Med/Wt 242gsm	H/Wt 286gsm
Contents:	200	100	100
Size:	41 x 46cm	41 x 46cm	41 x 46cm
Absorbs:	61 Litres	54 Litres	64 Litres
Weight:	7kg	5.5kg	6kg
Boxes per pallet:	30 Boxes	30 Boxes	30 Boxes

Environmentally Friendly Absorbents

Ecosorb Maintenance Rolls

Offering excellent value for money, contain fire retardants, soft and drapable they are easily folded, also available with a camouflage top layer.

Code:	ECR/GRL1	ECR/GRL2
Type:	Lt/Wt 160gsm	Lt/Wt 160gsm
Contents:	1 Roll	2 Roll Pack
Size:	71cm x 91m	36cm x 91m
Absorbs:	215 Litres	215 Litres
Weight:	12kg	12kg
Rolls per pallet:	27	36

Contents:	1 Roll	2 Roll Pack
Size:	71cm x 46m	36cm x 46m
Absorbs:	255 Litres	255 Litres
Pack Weight:	10kg	10kg
Rolls per pallet	18	36

Isol8 Loose Absorbent

Quickly and effectively absorbs spills including oil petrol, diesel, grease, paints, mild acids, alkaline, anti freeze and water. Made from 100% recycled natural material, lower disposal costs over that of clay based granules.

Code:	IS08
Contents:	5 x 10 Litre Bags
Weight:	6.5kg
Absorbs:	37.5 Litres per case
Pallet Quantity:	40 Boxes x 5

Environmentally Friendly Absorbents

SpillFix Recycling Station

Store, distribute, sift and reuse. The SpillFix Recycling Station uses natural and organic material.

It instantly absorbs all liquids including acid and alkali. With the specially designed in built sifting system, no unused product is wasted. Upon saturation SpillFix fibre combines to form lumps which are easily recovered and recycled.

SpillFix will absorb up to 9 times its own weight in liquids.

Who Uses SpillFix?

- > Power Generators
- > Fuel/Lubricants Distributors
- > Safety Equipment Suppliers
- > Engineering and Mining
- > Emergency Response Vehicles
- > Shipping, Aviation and Marine
- > Military Services
- > Governments and Local Councils
- > Vehicle Service Centre
- > Bio -diesel producers

Code:	SFX-RS
Weight:	10kg
Capacity:	50 Litres SpillFix Absorbent
Dimensions:	93 x 44 x 55cm

1

Identify and isolate spill. Always follow workplace procedures for clean-up and disposal.

2

Apply absorbent to the perimeter of the spill to form a bund and stop spill migration.

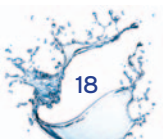

3

Continue to apply absorbent working to the centre until spill is completely covered and no free liquid is visible.

4

Sweep with a stiff broom working dry material over spill area to remove all surface oil. Dispose of in accordance with local authorities.

Oil Only & Marine Absorbents

Oil Only Pads

Handy sized sheets are ideal for the cleaning of tools, machinery and general spill control. Dimpled surface, perforated, supplied in dispenser box.

Code:	OPH100	OPL200
Type:	350gsm	175gsm
Contents:	100	200
Size:	40 x 50cm	40 x 50cm
Absorbs:	120 Litres	120 Litres
Weight:	7kg	7kg
Boxes per pallet:	24 Boxes or 30 Poly Bales	

Air Matrix Oil Only Pads

Premium air laid product with high absorption capacity. Air laid technology creates a consistent web structure and the strong spun bond top and bottom reduces lint and increases strength.

Incredibly soft and drapable, easily wraps around machinery.

88% recycled content.

Code:	1AMXWPL	3AMXWPL
Type:	380gsm	190gsm
Contents:	100	200
Size:	40 x 45cm	40 x 45cm
Absorbs:	143 Litres	143 Litres
Weight:	7kg	7kg
Boxes per pallet:	24 Boxes or 30 Poly Bales	

Anti-Static Oil Only Pads

For use in areas where static electricity poses a problem i.e flammable vapours. Specially treated oil only absorbents, pink in colour for easy recognition.

Code:	ASOP25
Type:	350gsm
Contents:	25
Size:	40 x 50cm
Absorbs:	30 Litres
Weight:	1.75kg
Pallet Quantity	120 Packs

Oil Only & Marine Absorbents

Anti-Static Oil Only Rolls

For use in areas where static electricity poses a problem i.e flammable vapours. Specially treated oil only absorbents, pink in colour for easy recognition.

Code:	ASOR50	ASOR100
Type:	350gsm	350gsm
Size:	50cm x 50m	1m x 50m
Absorbs:	150 Litres	300 Litres
Weight:	8kg	16kg
Pallet Quantity:	27	12

Rip One Oil Only Pads

Convenient pack containing ten perforated sheets. Wall mountable for siting near to areas posing potential risk of spillage.

Code:	R10
Type:	350gsm
Size:	40 x 50cm
Contents:	10 Pads
Absorbs:	12 Litres
Weight:	0.7kg
Boxes per pallet:	24 Boxes x 5 packs

Oil Only Socks

For containing and absorbing larger spills and placing around machinery where leaks could cause slip hazards. Supplied in dispenser box.

Code:	OS12	OS30
Contents:	20	8
Size:	8cm x 1.2m	8cm x 3m
Absorbs:	76 Litres	76 Litres
Weight:	8kg	8kg
Boxes per pallet:	24	24

Tubular Knitted Oil Only Socks

Oil only socks, strong tubular knitted outer for extra durability. Supplied in a dispenser box.

Code:	OSK12	OSK30
Contents:	20	8
Size:	8cm x 1.2m	8cm x 3m
Absorbs:	76 Litres	76 Litres
Weight:	8kg	8kg
Boxes per pallet:	24	24

Oil Only & Marine Absorbents

Oil Only Cushions

Ideal for use with drip pans under leaking / dripping machinery. Use with pads and socks to deal with larger spills.

Code:	OCS	OCM	OCL
Contents:	25	20	10
Size:	23 x 23cm	30 x 35cm	35 x 45cm
Absorbs:	47 Litres	80 Litres	62 Litres
Weight:	5kg	13kg	9.5kg
Boxes Per Pallet:	24 Boxes	24 Boxes	24 Boxes

Oil Only Rolls

To suit most applications. Dimpled surface, perforated for ease and economy of use.

Code:	ORH1	ORH2	ORL1	ORL2
Type:	350gsm	350gsm	175gsm	175gsm
Size:	50cm x 50m	1m x 50cm	50cm x 100m	1m x 100m
Absorbs:	150 Litres	300 Litres	150 litres	300 litres
Weight:	8kg	16kg	8kg	16kg
Rolls per pallet:	27	12	27	12

Oil Only Drain Booms

Used for cleaning oil contaminated water from drains, interceptors and bilges. Supplied with ring and rope for ease of deployment and retrieval.

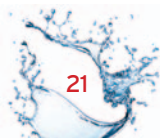

Code:	OB1
Contents:	10
Size:	20cm x 50cm
Absorbs:	125 Litres
Weight:	10.5kg
Boxes per pallet	12

Oil Only Booms

For removing oil and hydrocarbons from land and water. Suitable for marinas, rivers, lakes, docks etc. Manufactured with a strong external net fabric, complete with hooks and rings.

Code:	OB2	OB3
Contents:	4	4
Size:	12cm x 3m	20cm x 3m
Absorbs:	120 Litres	300 Litres
Weight:	11.5kg	20kg
Boxes per pallet:	16 Boxes	4 poly wrapped bales

Oil Only Curtain Booms

Combine the efficiency of a standard oil absorbing boom with the added benefit of a weighted skirt to minimise the flow of trapped oil beneath the surface.

For removing oil and hydrocarbons from water. Suitable for marinas, rivers, lakes, docks etc. Manufactured from strong non woven outer material.

Code:	OB4
Contents:	2
Size:	15cm x 3m
Absorbs:	93.5 Litres
Pack Weight:	12kg
Packs per pallet:	12 Poly Wrapped Bales

Oil Only Pom Poms

Water repellent Pom Poms are the most effective way of recovering heavy viscous based hydrocarbons such as crude oil. Manufactured from thin strands of polypropylene fibre forming a large surface area, they easily attract and hold oil even in the most adverse conditions. Pom Poms can recover 20 - 60 times their own weight depending on the viscosity of the oil. They can be individually deployed onto the contaminated surface, or strung together on a rope to form a type of boom.

Code:	PPHB
Contents:	50 / Box
Weight:	10kg
Boxes Per Pallet	25

Oil Only Drum Tops

Cut to size to fit standard drum tops. Suitable for outdoor use as they repel water.

Code:	ODT
Contents:	5
Size:	56cm diameter
Absorbs:	3 Litres
Pack Weight:	0.5kg

Universal Chemical Absorbents

Chemical Pads

Conveniently sized sheets ideal for use on laboratory surfaces for prevention or clean up of spills, or used with socks and cushions for larger spills. Dimpled surface, perforated for economy of use. Supplied in a dispenser box.

Code:	CPH100	CPL200
Type:	350gsm	175gsm
Contents:	100	200
Size:	40cm x 50cm	40cm x 50cm
Absorbs:	74 Litres	74 Litres
Weight:	7kg	7kg
Boxes per pallet:	24 Boxes or 30 poly bales	

Rip One Chemical Pads

Convenient pack containing ten perforated sheets. Wall mountable for siting near to areas posing potential risk of spillage.

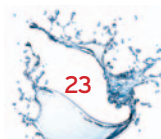

Code:	R1C
Type:	350gsm
Size:	40 x 50cm
Pack Weight:	0.7kg
Contents:	10 Pads
Absorbs:	7.4 Litres
Pallet Quantity:	24 boxes x 5 packs

Chemical Socks

For the containment and absorption of hazardous and unknown liquids.

Code:	CS12	CS30
Contents:	20	8

For the containment of larger hazardous spills.

Code:	CB1	CB2
Contents:	4	4
Size:	12cm x 3m	20cm x 3m
Absorbs:	60 Litres	140 Litres
Weight:	10kg	20kg
Boxes per pallet:	24 Boxes	4 Poly Wrapped Bales

Universal Chemical Absorbents

Chemical Drum Tops

Strong polypropylene absorbent drum top pads. For a clean and safe work environment.

Code:	CDT
Contents:	5
Size:	56cm dia
Absorbs:	1.5 Litres
Pack Weight:	0.5kg

Acid Neutraliser

Advanced absorbent formulated with a mixed carbonate system for fast, effective and safe neutralisation of acid spills without hazardous acid aerosols being generated.

Code:	AN5	AN20
Contents:	5 Litres	20 Litres
Weight:	3kg	11kg

Chemical Binder

A fast absorbing powder granule that absorbs and retains in excess of 25 times its own weight. Granules swell and absorb liquids on contact. Liquid is retained, will not leach out, and can be easily swept and removed for safe disposal. Suitable for all oil and chemical spills (except Hydrofluoric acid and fluoride compounds).

Code:	SM5	SM10
Contents:	5 Litres	10 Litres
Weight:	5kg	10kg

Absorbent Roll Dispensers

Roll Stands

Specially designed stands allowing rolls to be held in place for easy dispensing.
Suitable for general purpose, oil only and chemical rolls.

Floor Stands

Code:	FRD50	FRD100

ADR Spill Kits & Equipment

The safety equipment required on vehicles carrying dangerous goods loads is amended from the implementation of ADR 2009 with some general additional items of safety equipment specific to the classes of goods being carried.

Equipment required is dependent on the nature of the load being carried.

All vehicles carrying dangerous goods must have, wheel chocks, two self standing warning signs, high visibility vest, torch, gloves, and eye protection.

In addition (dependant on danger labels), the following items are also required. Eye rinsing fluid, emergency escape mask, drain seal, shovel and plastic collecting container.

ADR PPE Pack

Pack consists of 1 Hi vis vest, 1 pair goggles, 1 pair neoprene gauntlets and one wind up torch.

Code: ADRK1

Tradesman Mask

Secured filter semi disposable mask, with P2 filter. Maintenance free, no need to keep COSHH records. Manufactured from hypo- allergenic, odour free medical grade PVC. One exhale valve with large surface area for extremely low breathing resistance and reduced wearer fatigue. Conforms to EN405.

Code: BKG350005000

Code: ABEK 1 PS Replacement filters

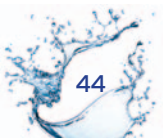

Drain Seal / Container & Shovel

Neoprene drain seal 1m x 1m, 2 part or fixed handle shovel treated with anti static properties, and 10 ltr container.

Code: ADRK3

Weight: 4kg

ADR Spill Kits & Equipment

ADR Universal Spill Kit

Compact ADR spill kit in 20 Ltr container.

Code:	ADRK5
Contents:	2 Socks 8cm x 1.2m / 20 Pads 25 x 40cm / 1 Medium Cushions / 1 Tub 0.5kg Sealing Putty Disposal Bag & Tie / Instructions
Absorbs:	18 Litres
Size:	Top Dia 32cm Base 27cm H 34cm
Weight:	4kg

Refill Packs for ADRK5

Code:	ADRK5/R
-------	---------

Full ADR Kit

Full kit, everything to hand. Comes with a waterproof bag for all items except drain cover.

Code:	ADRK4
Contents:	ADRK5 Spill Kit / Neoprene Gauntlets / Hi- Vis Vest / Drain Mat With Tube / 500ml Eye Wash / 10 Ltr Plastic / Container / Two Part or Fixed Handle Shovel / Wind Up Torch / Tradesman Mask / Warning Triangle
Weight:	10kg

Anti Static Shovel

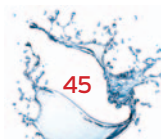

Made from polypropylene and treated with an additive that attracts moisture to the surface reducing static. Available with fixed handle or two part for easy storage.

Code:	SFO3	BK03-05
Size:	Two Part	Glued

Warning Triangle

Fully EN approved triangle, light weight, compact and foldable design. Complete with carry case.

Code:	MP120
Size:	39cm high x 43cm wide
Weight:	1kg

Plastic Containment Buckets

Containment buckets in various sizes.

Code	EC5000PH	5 Ltr Bucket & Lid
Code	EC10000PH	10 Ltr Bucket & Lid
Code	EC20000PH	20 Ltr Bucket & Lid
Code	EC60000	60 Ltr Bucket & Lid

Wheel Chocks

Strong and durable, anti slip, high visibility, non sparking.

Code:	1023
Size:	200mm (w) x 494 (l) x 232 (h)
Weight	2.3kg
Wheel Size:	>920mm
Holder:	Code 1023.1 1.4kg

Code:	1022
Size:	162mm(w) x 398(l) x 190 (h)
Weight:	0.9kg
Wheel Size:	<920mm

Code:	1022.1 Metal Wheel Chock Holder
Code:	1023.1 Plastic Wheel Chock Holder

Plant Nappy

Light weight and portable.

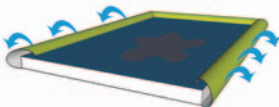

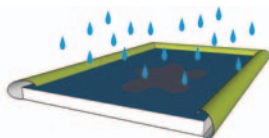

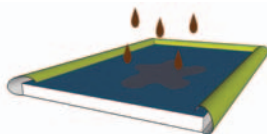

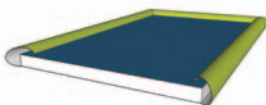

Designed to withstand all weather conditions, it is rugged enough to stand plant on all year round, whilst encapsulating any leaks or drips in the super absorbent liner. The side wall is permeable with a filter fabric that allows free passage of water, but not oil. It only discharges clean water. Liners are easily removed when replacements are required.

Contains and absorbs fuel and oil spills

The units have a super absorbent inbuilt core, but their life will be extending by inserting one of the removable liners which can be wrung out.

Economy liners are also available as an alternative.

Code:	PN1	PN2	PN3
Size:	500 x 685	1000 x 685	2000 x 1370
Absorbs:	2 litres	4.5 litres	18 litres
Liners:	PN1L	PN2L	PN3L

Loose Absorbents / Granules

Multi Zorb Clay Granules

Cost effective clay granules for absorbing all types of liquid spillage. Ideal for garages and industrial environments.

Code:	MZ1
Contents:	20 Litres
Weight:	13Kg
Pallet Quantity:	70 Bags

New Safety Tread Granules

Excellent absorption, dust free granules. Ideal for chemical applications. Meets with Ministry of Defence standards.

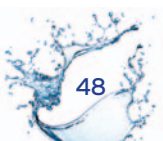

Code:	NST
Contents:	30 Litres
Weight:	15Kg
Pallet Quantity:	55 Bags

E-Sorb Loose Absorbent

Environmentally friendly loose absorbent. Made from recycled softwood, non abrasive and flame retardant.

Code:	ESO
Contents:	30 Litres
Weight:	8Kg
Pallet Quantity:	70 Bags

Loose Absorbents / Granules

Absodan Granules

Suitable for road use. Absodan remains granular even when saturated. Ideal for oils, strong acids and chemicals.

Code:	ABG
Contents:	20 Litres
Weight:	10Kg
Pallet Quantity:	78 Bags

Isol8 Loose Absorbent

Quickly and effectively absorbs spills including oil petrol, diesel, grease, paints, mild acids, alkaline, anti freeze and water. Made from 100% recycled natural material, lower disposal costs over that of clay based granules.

Code:	ISO8
Contents:	5 x 10 Litre Bags
Weight:	6.5kg
Absorbs	37.5 Litres per case
Pallet Quantity:	40 Boxes x 5

SpillFix Loose Absorbent

Universal Organic Absorbent, consistent and uniform in texture, completely homogenous material composed of millions of capillary micro-sponges.

Almost instant absorption, SpillFix contains no harmful dust unlike some other loose absorbents and is suitable for all types of hydrocarbon spills.

It can absorb up to 9 times its own weight in liquids and has been tested to the USEPA Leachstate standards for landfill disposal (always confer with local authorities). When absorbed media is disposed of it provides a perfect environment for the development of bio-degrading organisms that can oxidise contaminated waste.

Code:	SFX15
Contents:	15 Litre Bag
Weight:	2.5kg
Pallet Quantity:	122 Bags

Code:	SPX50
Content:	50 Litre Bag
Weight:	8.5kg
Pallet Quantity	48 Bags

Drain Protection

Neoprene Drain Cover

Lightweight reusable neoprene drain cover. It is recommended that drain cover mats are stored in drain mat storage bags and are situated as near to the drain as possible.

Code:	NDC1
Size:	1mtr x 1mtr
Weight:	3kg

Neoprene Drain Cover With Storage Tube

Sturdy protective tube for storage of 1 neoprene drain mat, complete with end caps.

Code:	NDC1T
Size:	1mtr
Weight:	3.50kg

Clay Drain Seals

Cost effective single use drain protection covers. Available in four sizes to fit most drains. One applied, press to seal. Resistant to most oils and chemicals.

Code:	CDS1	20cm x 20cm x 2cm	Pack x 12	12kg
Code:	CDS2	40.5cm x 40.5cm x 2cm	Pack x 4	16kg
Code:	CDS3	61cm x 40.5cm x 2cm	Pack x 4	24kg
Code:	CDS4	65cm x 45cm x 2cm	Pack x 4	28kg

Polyurethane Drain Cover

Heavyweight polyurethane drain cover with good resistance to oils and chemicals. Wash and reuse.

Code:	PDC1	46cm x 46cm x 1.5cm
Code:	PDC2	61cm x 61cm x 1.5cm
Code:	PDC3	91cm x 91cm x 1.5cm
Weight:	PDC1	4kg / PDC2 6kg / PDC3 12kg

Drain Protection

Drain Cover Storage Bags

Strong waterproof vinyl drain mat storage bags. Can be wall mounted. Available in two sizes to accommodate the neoprene and polyurethane drain mats.

Code: CSB1 20cm dia x 50cm

Code: CSB2 20cm dia x 1.1 mtr

Leak Sealing Putty

Pre-mixed clay based sealing putty. Provides quick and effective short term sealing for drums, tanks and pipes. Requires no surface preparation.

Code: LSP1 0.5kg Tub

Code: LSP2 1 kg Tub

Spill Block Barrier

Reusable polyurethane barrier with optional connection joints and corner pieces. Designed for directing / containing leaks and spill. Flexible for irregular shapes. Resistant to oils and most chemicals. Use absorbents to remove contained liquid.

Code: SBB1 3cm (h) x 3m (l)

Code: SBB1C 3cm x 10cm Connector

Code: SBB2 6cm (h) x 3m (l)

Code: SBB2C 6cm x 10cm Connector

Body Fluid Spill Kits

Body Fluid Spill Kit

This kit contains all you need to deal efficiently and effectively with body fluid spills.

Five individually packed single use kits complete with disposal bags, emergency spillage powder and sanitizer.

Code:	BFSK
Contents:	Gloves / Odour Mask / Scoop & Scrape / Absorbent Pad / Wipes / Disposal Bag & Tie / Instructions / 400gsm Bottle Emerzorb Gelling / Powder / 1 litre bottle Terminator Sanitizer
Size:	40cm x 30cm x 20cm
Weight:	3kg

Body Fluid Spill Kit Refill Packs

Five individually packed single use refill kits.

Code:	BFSKR
Contents:	5 Single Use Packs
Size:	40cm x 30cm x 20cm
Weight:	4kg

Body Fluid Spill Kits

Bio Hazard Bag With Sharps Bin

3 in 1 hygiene and body fluids spill kits. Quick, easy and safe to use everything to hand in one portable bag. Rigorously tested and found to eliminate MRSA, E.Coli, Salmonella, Listeria, Pseudomonas and helps to prevent Hepatitis B, HIV and the Cold and Flu virus.

Code:	BIOHB
Contents:	10 Pks Gloves, Overshoes, Oversleeves, Aprons. / 750ml Sanitizer / 4 in 1 Foam Away / Deodoriser Eco Mist / Hand Foamer / 300g Spillage Powder Surface Sanitising Wipes / Sharps Bin & Tweezers / 10 Bio Hazard Waste Bags
Size:	38cm x 30cm x 3cm
Weight:	3kg

Emerzorb Emergency Spillage Powder

Emerzorb emergency spillage powder gels on contact with liquid. Absorbs many times it's own weight, minimises odour and makes cleaning up easier.

Code:	EMZ
Contents:	400gsm bottle
Absorbs:	40 Litres

Eez-Off Colour Coded Rolls

Absorbent viscose colour coded rolls. Perforated for ease and economy of use. Ideal for the food industry where colour coding is of vital importance.

Code:	E03
Contents:	Twin Pack 20cm x 38cm x 360 sheets Twin Pack 25cm x 25cm x 500 sheets
Weight:	2.1kg / 2.7kg
Pallet Quantity:	60 Boxes x 2

Eez-Off Maintenance Wipes

General purpose maintenance wipes. Tough absorbent cellulose fibres with good wet and dry strength. Resistant to solvents, excellent with oils, grease and water.

Available in cut sheets or perforated rolls.

Code:	E06	E07
Sheet Size:	33cm x 38cm	30cm x 36cm x 400 sheets
Gsm	58gsm	58gsm
Contents:	10 x 50	2 rolls per pack
Pallet Quantity:	30 Boxes	36 Packs x 2

Eez-Off Polypropylene Wipes

100% polypropylene embossed wipes, lint free. Resistant to most chemicals and solvents. Excellent for use with grease, ink, paint, oil, brake fluid etc. Available in cut sheets, or perforated rolls.

Code:	E08	E09
Sheet Size:	33 x 50cm	25 X 28cm x 360 sheets
Gsm:	70gsm	70gsm
Contents:	10 Packs x 50	2 Rolls / Box
Pallet Quantity:	30 Boxes	60 Boxes

Eez-Off Oil Only Polypropylene Wipes

100% polypropylene embossed wipes, lint free. Hydrophobic material will not absorb water. Suitable for use with oils and grease.

Available in cut sheets or perforated rolls.

Code:	E018	E019
Roll Size:	30 x 38cm x 400 sheets	25 x 28cm x 360 sheets
Gsm:	60gsm	60gsm
Contents:	8 Packs x 50	2 rolls per box

Eez-Off Heavy Duty Wipes

Super strong heavy duty wipes, suitable for the toughest tasks. Superb wet and dry strength. Low lint and solvent resistant. Perforated rolls enable you to tear off exactly what you need, or available in pre cut sheets.

Code:	E016	E017
Roll Size:	30 X 38cm X 300 sheets	25 x 38cm x 350 sheets
Gsm:	60gsm	60gsm
Contents:	6 Packs x 50	1 Roll

Eez-Off Hand Cleaning Wet Wipes

Strong pre moistened wipes. Leave hands clean grime free, dry and moisturised without the need for water or drying. Handy dispenser tub.

Code:	E011
Container:	3 Ltr Dispenser Bucket
Gsm:	32gsm
Size:	28cm x 28cm x 150 sheets
Packaging:	4 Buckets / Case
Pallet Quantity:	75 Cases / pallet

Eez-Off Graffiti Remover Wet Wipes

Embossed polypropylene wipes, with one smooth and one abrasive side. For the purpose of removing graffiti from smooth surfaces. Safe to use on polycarbonate surfaces.

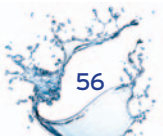

Code:	E010
Container:	3 Ltr Dispenser Bucket
Gsm	45gsm
Size:	25cm x 28cm x 100 Sheets
Packaging:	4 Buckets / Case
Pallet Quantity:	75 Cases / pallet

Eez-Off Sanitizer Wet Wipes

Anti bacterial sanitising wipes designed for hard surface and hand use. Alcohol free, they are effective against a large range of bacteria including E Coli.

Code:	E015
Container:	2 Ltr Tall Tub
Gsm	28gsm
Size:	20cm x 20cm x 150 Sheets
Packaging:	6 Tubs / Case
Pallet Quantity:	75 Cases / pallet

Drip / Spill Trays

5 Ltr Drip Tray

Robust polypropylene spill tray. Gives excellent resistance to oils and most chemicals. Use in conjunction with cushions to catch drips and leaks, or the cut to size absorbent sheets.

Code: MT1
Size: 41cm (l) x 31cm (w) x 4.5cm (h)
Volume: 5 Litres
Weight: 430g

Cut to size absorbent sheets Packs x 20

Code: MT1O Oil
Code: MT1G General Purpose
Code: MT1C Chemical

9 Ltr Drip Tray

Robust polypropylene spill tray. Gives excellent resistance to oils and most chemicals. Use in conjunction with cushions to catch drips and leaks.

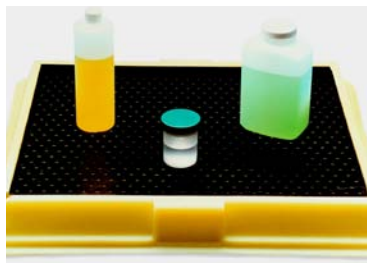

Code: MT9
Size: 56cm (l) x 40cm (w) x 4cm (h)
Volume: 9 Litres
Weight: 900g

Cut to size absorbent Sheets Packs x 20

Code: MT9O Oil
Code: MT9G General Purpose
Code: MT9C Chemical

Laboratory Tray

For a clean and safe work area. Large surface area holds 4 x 4 litre bottles. Removable grate for ease of cleaning.

Code: LT1
Size: 63cm (l) x 55cm (w) x 7cm (h)
Volume: 9.5 Litres
Weight: 2.9kg

11 Ltr Drip Tray

Robust polypropylene spill tray. Gives excellent resistance to oils and most chemicals. Use in conjunction with absorbent pads or cushions to catch drips and leaks.

Code:	MT6
Size:	79cm (l) x 40cm (w) x 4cm (h)
Volume:	11 Litres
Weight:	750g

Cut to size absorbent Sheets Packs x 20

Code:	MT6O	Oil
Code:	MT6G	General Purpose
Code:	MT6C	Chemical

16 Ltr Drip Tray With Pouring Spout

Robust polypropylene spill tray. Gives excellent resistance to oils and most chemicals. Use in conjunction with cushions to catch drips and leaks.

Code:	MT2
Size:	53cm (l) x 40cm (w) x 9.5cm (h)
Volume:	16 Litres
Weight:	750g

Cut to size absorbent Sheets Packs x 20

Code:	MT2O	Oil
Code:	MT2G	General Purpose
Code:	MT2C	Chemical

18 Ltr Drip Tray

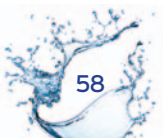

Robust polypropylene spill tray. Gives excellent resistance to oils and most chemicals. Use in conjunction with absorbent pads or cushions to catch drips and leaks.

Code:	MT7
Size:	117cm (l) x 40cm (w) x 4cm (h)
Volume:	18 Litres
Weight:	1.7kg

Cut to size absorbent Sheets Packs x 20

Code:	MT7O	Oil
Code:	MT7G	General Purpose
Code:	MT7C	Chemical

Drip / Spill Trays

25 Ltr Drip Tray

Shallow polypropylene drip tray. Gives excellent resistance to oils and most chemicals. Use in conjunction with absorbent pads to catch drips and leaks.

Code:	MT10
Size:	110cm (l) x 55cm (w) x 4cm (h)
Volume:	25 Litres
Weight:	2.6kg

Cut to size absorbent Sheets Packs x 20

Code:	MT10O	Oil
Code:	MT10G	General Purpose
Code:	MT10C	Chemical

28 Ltr Deep Drip Tray

Deep polypropylene drip tray. Gives excellent resistance to oils and most chemicals.

Code:	MT3
Size:	64.5cm (l) x 49.5cm (w) x 12cm (h)
Volume:	28 Litres
Weight:	1.35kg

Cut to size absorbent Sheets Packs x 20

Code:	MT3O	Oil
Code:	MT3G	General Purpose
Code:	MT3C	Chemical

28Ltr Shallow Drip Tray

Shallow polypropylene drip tray. Gives excellent resistance to oils and most chemicals. Use in conjunction with absorbent pads to catch leaks and drips.

Code:	MT11
Size:	120cm (l) x 55cm (w) x 4cm (h)
Volume:	28 Litres
Weight:	2.7kg

Cut to size absorbent Sheets Packs x 20

Code:	MT11O	Oil
Code:	MT11G	General Purpose
Code:	MT11C	Chemical

Drip / Spill Trays

65Ltr Drip Tray

Large capacity polypropylene drip tray. Gives excellent resistance to oils and most chemicals. Use in conjunction with cushions or absorbent pads to catch drips and leaks.

Code:	MT8
Size:	100cm (l) x 55cm (w) x 15cm (h)
Volume:	65 Litres
Weight:	2.1kg

Cut to size absorbent Sheets Packs x 20

Code:	MT8O	Oil
Code:	MT8G	General Purpose
Code:	MT8C	Chemical

Drip / Mixing Tray

Large hexagonal drip tray complete with cut to size absorbent pad. Also useful as an easy clean mixing tray which prevents surface stains. Durable, lightweight and stackable.

Code:	MT4
Size:	1016mm x 50mm
Volume:	45 litres
Weight:	3.1kg

Cut to size absorbent Sheets Packs x 5

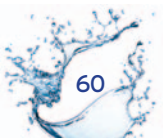

Code:	MT4O	Oil
Code:	MT4G	General Purpose
Code:	MT4C	Chemical

20 Ltr Spill Tray

Made from 100% recyclable PE. Can be used with or without spill deck platform. Trays are stackable for easy transportation and storage. Non Slip platform surface, easy to clean, and designed to fit on euro pallets. Can be supplied with or without the removable grid.

Code:	ST1-20-YE-BK
Type:	With Grid
Size:	60cm (l) x 40cm (w) x 15.5cm (d)
Volume:	20 litres
Weight:	3 kg
Code:	ST1-20-BK
Type:	Without Grid

Drip / Spill Trays

25 Ltr Spill Tray

Polyethylene tray suitable for containers up to 25 litres. Excellent resistance to chemicals.

Code:	BB25
Size:	55cm (l) x 55cm (w) x 11cm (h)
Volume:	25 Litres
Weight:	5kg

30 Ltr Spill Tray

Made from 100% recyclable PE. Can be used with or without spill deck platform. Trays are stackable for easy transportation and storage. Non slip surface, easy to clean, and designed to fit on euro pallets. Can be supplied with or without the removable grid.

Code:	ST1-30-YE-BK
Type:	With Grid
Size:	60cm (l) x 40cm (w) x 15.5cm (d)
Volume:	30 litres
Weight:	3 kg

Code:	ST1-30-BK
Type:	Without Grid

45 Ltr Spill Tray

Manufactured for polyethylene for excellent compatibility to a large range of liquids. Removable mesh floor ensures containers are kept clean and dry.

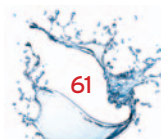

Code:	TTS
Size:	63cm (l) x 59cm (w) x 17.5cm (h)
Sump:	45 Litres
Weight:	4.5kg

50 Ltr Spill Tray

Polyethylene tray suitable for containers up to 50 litres. Excellent resistance to chemicals.

Code:	BB50
Size:	71.5cm (l) x 46cm (w) x 11cm (h)
Volume:	50 Litres
Weight:	5.5kg

Drip / Spill Trays

60 Ltr Drip Tray

Low profile polyethylene drip tray ensures a clean and safe working environment. Suitable as a vehicle drip tray.

Code:	TTL
Size:	145cm (l) x 84cm (w) x 70cm (h)
Sump:	60 Litres
Weight:	6kg

50 Ltr Drum Spill Tray

Durable drum spill tray suitable for drums up to 205 Litres.

Code:	BT50
Size:	87cm (l) x 19cm (h)
Volume:	50 Litres
Weight:	5kg

100 Ltr Spill Tray

Polyethylene tray suitable for containers up to 100 litres. Excellent resistance to chemicals.

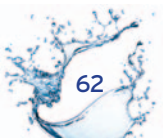

Code:	BB100
Size:	92cm (l) x 72cm (w) x 17.5cm (h)
Volume:	100 Litres
Weight:	15kg

100 Ltr Square Drip Tray

Robust polypropylene spill tray. Gives excellent resistance to oils and most chemicals. Use in conjunction with cushions to catch drips and leaks.

Code:	G112B
Size:	100cm (l) x 100cm (w) x 12cm (h)
Volume:	100 Litres
Weight:	4.2kg

Drip / Spill Trays

110 Ltr Spill Tray

General purpose tray provides safe, banded storage for small drums and containers. Ideal for use with drums, containers, batteries, machine parts etc. Ribbed base for strength and spill clearance. Made from tough, durable 100% polyethylene.

Code:	GPT1
Size:	73cm (l) x 73cm (w) x 29.5cm (h)
Volume:	110 Litres
Weight:	6.5kg

144 Ltr Square Drip Tray

Robust polypropylene spill tray. Gives excellent resistance to oils and most chemicals. Use in conjunction with cushions to catch drips and leaks.

Code:	G127B
Size:	120cm (l) x 120cm (w) x 12cm (h)
Volume:	144 Litres
Weight:	5.6kg

230 Ltr Spill Tray

Large spill tray provides safe, banded storage for small drums and containers. Ideal for use with drums, containers, batteries, machine parts etc. Ribbed base for strength and spill clearance. Made from tough, durable 100% polyethylene.

Code:	GPT2
Size:	129cm (l) x 73cm (w) x 29.5cm (h)
Volume:	230 Litres
Weight:	12kg

Mobile Spill Tray

Robust and durable mobile polyethylene drip tray, easily manhandled and complies with PPG26 regulations. The unique design means it can be easily slid under plant being refuelled, any spillage is captured in the sump and wheeled to safety. Forklift pockets to facilitate handling.

Code:	EBPW
Size:	120cm (l) x 60cm (w) x 15cm (h)
Volume:	50 Litres
Weight:	10kg

Drum Funnel with Lid

Suitable for 205 Litre drums. For use with both open and close head drums. Ribbed surface with deep sides to hold filters etc for drainage.

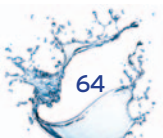

Code:	DF1
Size:	64cm (dia) x 15cm (h)
Weight:	4kg

Drum Storage Unit with Sump

This versatile system maximises floor space by stacking up to 4 steel drums horizontally above a one piece 400 Ltr Sump. Dispense from any of the drums in the safe knowledge that any leaks or spill will be contained.

Code:	DB4
Size:	139cm (l) x 125cm (w) x 649cm (h)
Sump:	400 litres
Weight:	50kg
UDL	1250kg
Code:	DBC Stacker
Size:	124cm (l) x 79.5cm (w) x 37 (h)
Weight:	25kg
Colour:	Black
UDL:	600kg

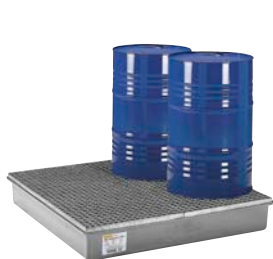

Spill Pallets and Secondary Containment

Sump Pallets With Galvanized Steel Grids

Glass fibre reinforced plastic, strong, durable, rustproof. Glass fibre base with galvanised steel grating. For the storage of environmentally hazardous substances.

Code:	7868 Single	6875 2 Drum
Size:	85cm (l) x 85cm (w) x 39cm (h)	128(l) x 85 (w) x 29cm (h)
Sump:	210 litres	220 litres
Weight:	27kg	33kg
UDL:	400kg	800kg
Code:	6876 4 Drum	7717
Size:	128cm (l) x 128cm (w) x 21cm (h)	82(l) x 42(w) x 24cm (h)
Sump:	220 litres	65 litres
Weight:	46kg	9.5kg
UDL:	1300kg	40kg

Spill Pallet / Single

Deep sump one drum spill containment pallet with removable mesh grill for the safe and compliant storage of a 205 Litre drum. Robust 100% polyethylene with broadband chemical compatibility.

Code:	BP1
Size:	90cm (l) x 70cm (w) x 52.5cm (h)
Sump:	225 Litres
Weight:	22kg
UDL:	300kg

Spill Pallets and Secondary Containment

Single Drum Drip Tray

For the safe and compliant storage of a 205 Litre drum. High visibility for increased safety. Removable deck for ease of cleaning.

Code:	SS1DWF
Size:	76cm (l) x 76cm (w) x 15cm (h)
Volume:	55 Litres
Weight:	11kg

2 Drum Spill Pallet

For the safe and compliant storage of two 205 Litre drums. High visibility for increased safety. Removable deck for ease of cleaning.

Code:	SS2DP
Size:	140cm (l) x 75cm (w) x 38cm (h)
Volume:	240 Litres
Weight:	23kg

Spill Pallet / Double

Two drum spill containment pallet with removable mesh grill for the safe and compliant storage of 205 Litre drums. Robust 100% polyethylene with broadband chemical compatibility. Forklift pockets.

Code:	BP2
Size:	122cm (l) x 82cm (w) x 33cm (h)
Sump:	240 Litres
Weight:	26kg
UDL:	650kg

Spill Pallet / Double

Two drum spill containment pallet with removable mesh grill for the safe and compliant storage of 205 Litre drums. Robust 100% polyethylene with broadband chemical compatibility. Forklift pockets.

Code:	SJ-100-002
Size:	130cm (l) x 75cm (w) x 44cm (h)
Sump:	250 Litres
Weight:	20kg
UDL:	1350kg

Spill Pallets and Secondary Containment

Spill Pallet / 3 Drum

Slimline, low profile spill containment pallet with removable mesh grill for the safe and compliant storage of upto 3 x 205 Litre drums. Robust 100% polyethylene with broadband chemical compatibility.

Code:	BP3
Size:	178cm (l) x 78cm (w) x 24cm (h)
Sump:	228 Litres
Weight:	35kg
UDL:	900kg

4 Drum Spill Pallet

For the safe and compliant storage of four 205 Litre drums for increased safety. Removable deck for ease of cleaning.

Code:	SJ-100-006
Size:	140cm (l) x 140cm (w) x 25cm (h)
Volume:	250 Litres
Weight:	47kg

Spill Pallet / 4 Drum

Two drum spill containment pallet with removable mesh grill for the safe and compliant storage of 205 Litre drums. Robust 100% polyethylene with broadband chemical compatibility. Forklift pockets.

Code:	BP4
Size:	138cm (l) x 129cm (w) x 28cm (h)
Sump:	250 Litres
Weight:	30kg
UDL:	2700kg

Spill Pallet / 4 Drum

Low profile four drum spill containment pallet with removable mesh grill for the safe and compliant storage of 205 Litre drums. Robust 100% polyethylene with broadband chemical compatibility. Forklift pockets.

Code:	BP4L
Size:	131cm (l) x 131cm (w) x 37cm (h)
Sump:	410 Litres
Weight:	44kg
UDL:	1250kg

Spill Pallets and Secondary Containment

Spill Pallet / 8 Drum

Spill containment pallet with removable mesh grill for the safe and compliant storage of up to 8 x 205 Ltr drums or 2 IBC'S.

Robust 100% polyethylene with broadband chemical compatibility Forklift pockets.

Code:	BP8
Size:	256cm (l) x 135cm (w) x 51cm (h)
Volume:	1140 Litres
Weight:	136kg
UDL:	2500kg

Covered Spill Pallet / 3 Drum

100% corrosion free polyethylene Sump Pallet. Suitable for storing up to 3 x 205 litre drums. Complete with easily assembled frame and cover for keeping pallet and goods clean and dry when stored outdoors.

Code:	BP3C
Size:	178 cm (l) x 78cm (w) x 194cm (h)
Volume:	228 litres
Weight:	65kg
UDL:	900kg

Covered Spill Pallet / 4 Drum

100% corrosion free polyethylene Sump Pallet. Suitable for storing up to 4 x 205 litre drums. Complete with easily assembled frame and cover for keeping pallet and goods clean and dry when stored outdoors.

Code:	BP4C
Size:	141 cm (l) x 131cm (w) x 207cm (h)
Sump:	410 litres
Weight:	54kg
UDL:	1250kg

Spill Pallets and Secondary Containment

Covered Spill Pallet / 2 Drum

Ideal for indoor/outdoor storage of up to 2 x 205 litre drums. Roll top design allows for use in limited space or next to buildings where swing open doors would be a problem. Can be loaded front or rear. Lockable doors. Self assembly required.

Code:	4062-YE
Size Exterior:	152 cm (l) x 94cm (w) x 183cm (h)
Size Interior:	127 cm (l) x 74cm (w) x 130cm (h)
Volume:	220 litres
Weight:	95kg
UDL:	900kg

Covered Spill Pallet / 4 Drum

Ideal for indoor/outdoor storage of up to 4 x 205 litre drums. Roll top design allows for use in limited space or next to buildings where swing open doors would be a problem. Can be loaded front or rear. Lockable doors. Self assembly required.

Optional Extras - Loading Ramp / Ramp Extender.

Code:	4064-YE
Size Exterior:	165 cm (l) x 147cm (w) x 175cm (h)
Size Interior:	124 cm (l) x 137cm (w) x 135cm (h)
Volume:	250 litres

Spill Pallets and Secondary Containment

Bunded Pallet Converter

Place the Palcon over an existing pallet and it is ready to use. The unique compressible front allows drums on a pallet to be lowered into the Palcon by a forklift truck. When the forks are withdrawn the front returns to its normal height creating the bund.

Light weight and easy to handle

Code: PALCON2
Size: 150cm (l) x 110cm (w) x 44cm (h)
Volume: 250 Litres
Weight: 20kg

Code: PALCON4
Size: 150cm (l) x 130cm (w) x 44cm (h)
Volume: 310 Litres
Weight: 22kg

Palcon2 must be used with 120cm x 80cm wooden or plastic pallet, Palcon 3 with a 120cm x 100cm pallet.

2 Drum Bunded Work Floor

Hi-visibility bunded work floor. Linkable blocks create customised work area which are designed for constant use. Optional ramp for ease of loading and unloading.

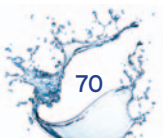

Code: SS2DWF
Ramp Code: SSR
Size: 140cm (l) x 76cm (w) x 15cm (h)
Volume: 112 Litres
Weight: 23kg

4 Drum Bunded Work Floor

Hi-visibility bunded work floor. Linkable blocks create customised work area which are designed for constant use. Optional ramp for ease of loading and unloading.

Code: SS4DWF
Ramp Code: SSR
Size: 140cm (l) x 140cm (w) x 15cm (h)
Volume: 215 Litres
Weight: 41kg

Spill Pallets and Secondary Containment

Sump Floor Work Station

Flexible decking solution for creating liquid handling workstations and storage areas to fit your working environment.

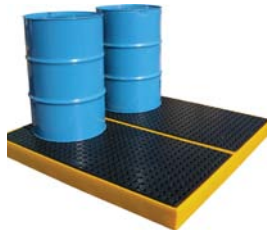

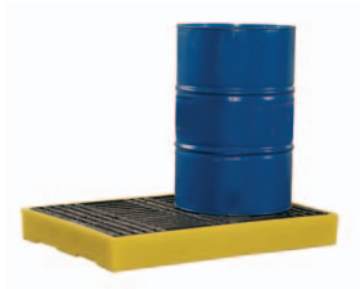

Available in 3 sizes, each unit can be used as a stand-alone workstation, or combined to create multiple workflow configurations. Each individual unit is compliant with current oil storage regulatory requirements.

Code: BF2 126cm (l) x 86cm (w) x 15cm (h) 4 x 100 litre drums
Weight 20kg Sump 150 Ltrs UDL: 1000kg

Size:	18cm (h) x 81cm (w) x 129cm (l)	

Hazardous Storage Cabinets

Hazardous Storage Cabinets

Hazardous Storage Cabinets designed to comply with UK regulations.

All cabinets and bins featured are of welded construction, supplied with drip trays and appropriate warning labels.

Colours and painted products within the range are finished in a hard wearing anti-bacterial powder coating, effective for the life of the coating, it is recommended as an aid to good hygiene practices, not as a replacement. Ideal for all sectors where humans come into direct contact with the product and especially in those difficult to clean areas. Examples include health, education, public buildings, factories, workshops, laboratories and offices etc.

Welded construction in 0.9mm thick steel designed to maintain integrity for 30 minute fire rating. Supplied with adjustable spillage trays and liquid tight sump tray. Doors are rebated and secured by chrome locking handle.

Mobile Storage Cabinets

Welded construction from 0.9mm thick steel with reinforced rebated door(s). Secured by 3 way chrome lever locking handle. Fitted with adjustable welded tray(s) and removable sump. Mounted on 2 fixed and 2 swivel braked rubber tyred castors. Supplied with bolt on push / pull handle. Powder coated in colour according to type, and supplied with appropriate warning labels.

Poly Trolley Storage Unit

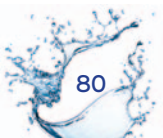

Wheeled mobile work station. Promotes good housekeeping. Utility tray and lockable door.

Code: PT1
Size: 64cm (l) x 72cm (w) x 109cm (h)
Weight: 27kg

Poly Trolley Storage Unit With Roll dispenser

Mobile work station with utility tray, roll dispenser and lockable door.

Code: PMCS4
Size: 65cm (l) x 72cm (w) x 150cm (h)
Weight: 44kg
Max Roll Size: 43cm dia x 50cm (w)

Mobile Trolleys & Drum Carts

Poly Trolley Cart

Mobile cart with front swivel brake wheels. Ideal for the storage and transport of loose absorbents. With brush and shovel storage compartments.

Code:	PC
Size:	71cm (l) x 136cm (w) x 96cm (h)
Weight:	40kg

Poly Trolley Drum Cart

Bunded cart suitable for carrying 4 x 25 litre drums. Swivel brake system. Makes easy work of transporting small drums containers and general items.

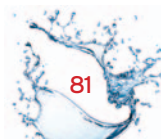

Code:	BT100
Size:	90cm (l) x 70cm (w) x 98cm (h)
Sump:	100 Litres
Weight:	18kg

Poly Drum Dolly

Four wheeled cart. Lightweight and easy to handle. Two lockable wheels. Safe and robust solution for moving drums and containers. Available with or without handle.

Code:	PPDH With Handle
Size:	72.5cm (l) x 72.5cm (w) x 99cm (h)
Sump:	30 Litres
Weight:	15.5kg
Code:	PPD
Size:	72.5cm (l) x 72.5cm (w) x 25.5cm (h)
Sump:	30 Litres
Weight:	14kg

Mobile Trolleys & Drum Carts

Mobile Drum Cart

Mobile dispensing unit for a 205 litre drum. Large 230 litre sump capacity. Easy pour dispensing area. Ergonomically designed one person operation. Straps ensure safety of drum and operative.

Code:	BT230
Size:	160cm (l) x 74cm (w) x 64cm (h)
Sump:	230 Litres
Weight:	44kg
UDL:	300kg

Mobile Drum Cart

Ideal as a mobile dispensing unit with sump. Easy to clean. Liquid drains to the front. Double walled construction for optimum strength and security against leaks. Easy to handle due to well balanced design. Rubber wheels as standard. Barrel secured with ratchet strap.

Optional castors with rotation and swivel brake. Safety support locks into place for easy vertical loading and storage. Two foot hole positions for comfortable pull down and handling.

Code:	SJ-400-001
Size:	174cm (l) x 81cm (w) x 68cm (h)
Sump:	250 Litres
Weight:	42kg
UDL:	300kg

IBC Sump Pallets

IBC Funnel

IBC Funnel with lid and integral debris strainer, designed to be used with IBC'S, allowing liquid to be poured into the IBC without spilling down the sides and onto the floor area.

Code:	DF200
Size:	62.5cm (dia) x 14.5cm (h)
Weight:	4kg

IBC Sump Pallet / Single

100% corrosion free polyethylene IBC Sump Pallet. These sturdy pallets are UK and EC compliant. Suitable for most IBC footprints. Forklift pockets for moving empty units. Removable decking to assist cleaning. Optional overflow tray which overflows into the main sump.

Code:	BB1
Size:	176 (l) x 135cm (w) x 71cm (h)
Sump:	1100 Litres
Weight:	107kg
UDL:	1500kg

IBC Sump Pallet / Single

Made from PE - 100% recyclable, easy to maintain and clean. Compatible with most forklifts and pallet trucks. Solid construction, ergonomic design.

Remove IBC before moving with forklift. Only single IBC pallet can be used with/without platform.

Code:	SJ-500-001
Size:	145 (l) x 145cm (w) x 100cm (h)
Sump:	1100 Litres
Weight:	105kg
UDL:	2000kg

IBC Sump Pallets

IBC Sump Pallet / Double

100% corrosion free polyethylene IBC Sump Pallet. These sturdy pallets are UK and EC compliant. Suitable for most IBC footprints. Forklift pockets for moving empty units. Removable decking to assist cleaning. Optional overflow tray which overflows into the main sump. Unit can also store up to 8 x 205 Litre Drums.

Code:	BB2
Size:	256 (l) x 135cm (w) x 51cm (h)
Sump:	1140 Litres
Weight:	140kg
UDL:	2500kg

IBC Sump Pallet / Double

Made from PE - 100% recyclable, easy to maintain and Clean. Compatible with most forklifts and pallet trucks. Solid construction, ergonomic design.

Remove IBC before moving with forklift. Only single IBC pallet can be used with/without platform.

Code:	SJ-500-004
Size:	245 (l) x 145cm (w) x 57cm (h)
Sump:	1140 Litres
Weight:	140kg

IBC Dispenser

Suitable for the SJ-500-001 and SJ-500-004. Emptying outlet, flows back into IBC spill pallet. Must be used with base for single IBC pallet.

Code:	SJ-500-007
Size:	64cm (l) x 59cm (w) x 106cm(h)
Sump:	100 Litres
Weight:	13kg

IBC Sump Pallets

IBC Sump Pallet / Single

With Integral Dispenser. 100% corrosion free polyethylene IBC Sump Pallet. Suitable for one 1000 litre IBC. Secondary containment solution with integral dispenser.

Code:	BB1D
Size:	195 (l) x 140cm (w) x 72.5h)
Sump:	1100 Litres
Weight:	86kg
UDL:	1500kg

Covered IBC Sump Pallet / Single

100% corrosion free polyethylene IBC Sump Pallet. Suitable for 1 x 1000 litre IBC. Complete with frame and weather proof cover for outdoor use, protecting IBC bund from rain water. Easy assembly.

Code:	BB1C
Size:	176 (l) x 135cm (w) x 241cm (h)
Sump:	1100 Litres
Weight:	119kg
UDL:	1500kg

Covered IBC Sump Pallet / Double

100% corrosion free polyethylene IBC Sump Pallet. Suitable for 8 205ltr drums, or 2 1000 litre IBC. Complete with frame and weather proof cover for outdoor use. Easy assembly

Code:	BB8C
Size:	256 (l) x 135cm (w) x 221cm (h)
Sump:	1140 Litres
Weight:	126kg
UDL:	2500kg

Miscellaneous & PPE

Acid Neutraliser

Advanced absorbent formulated with a mixed carbonate system for fast, effective and safe neutralisation of acid spills without hazardous acid aerosols being generated.

Code:	AN5	AN20
Contents:	5 Litres	20 Litres
Absorbs:	5 Litres approx	20 Litres approx
Weight:	3kg	11kg

Caution Tape

Caution / hazard warning tape for segregating areas of risk internally and externally. Reusable.

Code:	CHT	SSBY
Colour:	Yellow printed	Yellow / Black
Description:	Chemical Hazard	Super Strong
Size:	75mm x 250m	75mm x 100m

Code:	SSRW	ECBY	ECRW
Colour:	Red/White	Yellow / Black	Red /White
Description:	Super Strong	Economy	Maxi
Size:	75mm x 250m	75mm x 500m	75mm x 100m

Security Seals

Security Seals for use with spill kits. Each label has a unique code so cannot simply be replaced. Dual layer design, once removed label reveals 'opened'.

Code:	TPS
Contents:	15 Labels per pack

PPE Pack

A complete PPE pack for replacements in spill kits or general use.

Code:	PPE
Contents:	1 Disposable Overall / 1 Pair Nitrile Gloves / 1 Pair Goggles / 1 Valved mask

Miscellaneous & PPE

Chemical Resistant Splash Suit

Dupont grey coverall. Hood with elastic face opening for tight fit around respirator, stitched and overlapped seams, double self adhesive zipper flap, elastic cuffs, ankles and waist, thumb loops. 100% particle tight, resists liquid splashes of pressure up to 5 bar, excellent barrier against organic chemicals, highly concentrated inorganic chemicals and biological hazards. Anti-static treatment.

Code: CRS
Contents: 1 Suit

Neoprene Gauntlets

Heavy duty neoprene gauntlets, provide excellent protection.

Code: NGL
Contents: 1 Pair

Tradesman Mask

Secured filter semi disposable mask, with P2 filter. Maintenance free, no need to keep COSHH records. Manufactured from hypo- allergenic, odour free medical grade PVC. One exhale valve with large surface area for extremely low breathing resistance and reduced wearer fatigue. Conforms to EN405.

Code: BKG350005000
Code: ABEK 1 PS Replacement filters

Waste Disposal Bags

Heavy duty waste disposal bags with ties. Available in yellow printed 'Hazardous Waste', or blue printed 'Used Absorbents'.

Code: WDBB - Blue Bag
Code: WDBY - Yellow Bag
Size: 38cm x 71cm x 100cm
Contents: 10 Bags & Ties per pack

Oil Spill Cleaner – Light Duty

A powerful light oil spillage cleaner. Designed to remove residue of light oil spillages from concrete and other hard surfaces. Unlike other products, it is odour free and is therefore of particular use in food plants. Fully biodegradable, solvent free, 100% fireproof. Can be diluted.

Code: OSC1
Contents: 5 Litres

Oil Spill Cleaner – Heavy Duty

A heavy duty oil spillage cleaner suitable for the treatment of major heavy oil spills. Aqueous based solution effectively splits hydrocarbon molecules and will not allow them to re-bond no matter how much the solution is diluted. Deals with all hydrocarbons, tar, bitumen, oil, fuel oil, etc.

Code: OSC2
Contents: 5 Litres

Tak Mats

Protect floor areas that need to be kept dirt free with Tak Mat multi layered floor mats. Effective super dust absorbent Tak Mats have 36 resin impregnated cotton covers enclosed in a heavy duty plastic frame, as one layer becomes dirty, simply peel back to reveal the next clean sheet.

Available in 3 sizes

Code: TM1 61 x 91cm x 2 Mats
Code: TM2 104 x 91cm x 2 Mats
Code: TM3 152 X 91cm x 1 Mat
Weight: TM1 7kg / TM2 12 kg / TM3 9kg
